Getting Started with NodeJS

<https://simpli.app.link/nDKYty8rbMb>

SKILLS

- Web Development
- Software Development
- C#
- PHP
- Javascript
- Node.js
- Problem Solving

EXPERIENCE

Cabanatuan City
Government - Software
Development Intern

November 06, 2023
- December 15, 2023

- Developed a Certificate Generator Windows application using C# and DevExpress, improving the efficiency of certificate issuance for the City Planning and Development Office.
- Conducted thorough testing and debugging to ensure application stability and accuracy.
- Gained hands-on experience in software development life cycle (SDLC) and enhanced problem-solving skills through real-world application development.

Freelance programmer

April, 2023- Present

- Specialize in backend development using Node.js, creating robust and scalable APIs for various clients.
- Work on Arduino projects to automate and control different systems.
- Collaborate with clients to understand their requirements and deliver tailored software solutions, ensuring high client satisfaction.
- Continuously improve and update technical skills to stay current with industry trends and technologies.

RECENT PROJECTS

RFID Payment Integration and Android-Based
Monitoring System (Design Project/Thesis)

(C#, Flutter, C++, PHP, MySQL)

Certificate Generator for City Planning and
Development Office(Internship/OJT)

(C#, Dev express, Ado.net, SQL)

Gym Membership System (freelance)

(Node.js, Mysql, Javascript)
